Hi @everyone,

Thank you for your patience. We apologize for the radio silence. Unfortunately, due to our current situation we must be careful

Rest assured that we are working around the clock to safeguard the continuance of Dark and Darker. Unfortunately, due to the complexities of our situation, especially across international lines, it is taking time to resolve the Steam situation. In order for us to keep our promise to our fans we've had to go old school this time.

To participate in the Alpha #5 Playtest please download the game client through our torrent link below.
